

TALES FROM THE TOP TABLE

Welcome back to our new school year! I'll let you into a little secret; normally on the first day back the Head Teacher would do an assembly about children feeling nervous about their new start and how to overcome these feelings. Exactly what I had planned. That is, until I actually spoke to the children. I was out at playtime and lunchtime and was met by a school full of enthusiastic, confident children ready to embrace the challenges that their new year group had to offer! This really shows the results of the work, both at home and at school, that we have done raising the children's confidence and resilience. What a great start to the year! It did mean an emergency change to my assembly but I can live with that!

This week we have launched a new website, not without some teething problems, but hopefully now that is all over and done with. This was mainly in response to parents feeling unhappy at the previous eschools app being a bit unhelpful in terms of communicating dates etc. We will send a guide out for you to download the School Spider app once we have ensured all parents have login information etc and hopefully this will help you track school events much better. It should be targeted for the year group(s) your child(ren) is/are in but will show whole school events too. This is completely new to the school so we would welcome any feedback on how user friendly it is and any suggestions for improvements.

Next week, we will start PACT (Parent and Children Together) time where you are again invited in from 8:50–9:00 Monday–Thursday to see what your child has been learning and perhaps help with their next steps task. This isn't compulsory of course and can be used as little or as often as fits into your schedule. We have tried to make this as flexible as possible so that it can accommodate as many as possible and this proved to be a huge success last year so I am hoping that it will continue.
